

REMARKS

With entry of this amendment, claims 30-59 are pending.

Upon review of allowed claims 30-62, Applicants concluded that claim 60 might be interpreted to encompass subject matter well known in the prior art, for example, a bottle of benzene, and therefore would not be part of their invention. Accordingly, Applicants hereby cancel claim 60. To expedite the re-allowance of claims 30-59, Applicants also cancel claims 61 and 62, which depend from claim 60, without prejudice to or disclaimer of the subject matter recited therein. Applicants will pursue the subject matter of the canceled claims in a continuation application.

In view of the foregoing amendments and remarks, Applicants respectfully request that the Office grant their Petition for Withdrawal of Patent from Issuance, reexamine this application, and allow claims 30-59.

According to the fee schedule set forth in 37 C.F.R. § 1.17(e), please charge the required fee of \$790.00 for a Request for Continued Examination to our Deposit Account No. 06-0916. Please also grant any extensions of time required to enter this response and charge any additional required fees to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
